We will share exciting information concerning the latest development with our SmartSoil-Biogas system. Our systems are known for significantly producing a greater volume of high quality gas fuel for clean energy production, and can generate CO2 credits and green tags.

Our dynamic and well-informed team will be on hand to discuss your specific requirements and answer any of your questions. We are looking forward to meeting you at either trade shows.

Do you need more information? Please do not hesitate to contact me to schedule a meeting.

Hope to see you soon,

Annie Boulanger
Marketing Manager
